ARTS & CULTURE

Boston Foundation for Architecture

Investing in the Next Generation in Massachusetts

Program: The Boston Foundation for Architecture focuses its grants program this year, as it did last year, on efforts in Massachusetts to enhance the awareness and understanding of young people about the importance of well-designed buildings, public spaces, cities and their infrastructure. This year the Foundation is particularly interested in encouraging applicants to consider the development or use of teaching tools that draw on major contemporary realities: the engineering wonders of cable-stayed bridges (such as the new Zakim/Bunker Hill Bridge in Boston); the challenges of waterfront development in urban areas; the impact on our lives of major transportation projects (such as The Big Dig); or other contemporary issues.

Funds: Range of grant awards: \$2,000-\$10,000.

Deadline: August 14, 2002.

Eligible: The Foundation will make grants primarily to community groups, educational institutions/groups, and other non-profit organizations serving Massachusetts audiences. Organizations that have existing membership bases and networks, especially those with public education experience, will be favored in order to facilitate immediate educational impact. School-based groups, which the Foundation has traditionally assisted, are encouraged to seek funding; private-sector and non-traditional entities engaged in childhood education are also encouraged to apply. Applications are encouraged from teachers and school systems especially for curriculum-development efforts that might be extended to entire school systems. Grants to individuals will be considered when the work proposed has the potential to affect large numbers of individuals. Grants are not intended to provide funding for capital expenditures, creation of endowments, or general operating purposes.

Info: Richard Fitzgerald, Executive Director, Boston Foundation for Architecture, 52 Broad Street, Boston MA 02109-4301, Phone: 617-951-1433 x232, Email: rfitzgerald@architects.org, Link: <http://www.bfagrants.org/grants.html>

National Endowment for the Arts Arts Learning

Program: As part of its commitment to advancing the state of arts learning for children and youth in America, the National Endowment for the Arts offers grants for arts education programs that address children and youth in the general age range of early childhood through age 18, both in school and outside the regular school day and year. Grants are offered in the following three categories:

- ✓ *Early Childhood:* For projects that provide arts learning activities for young children who are not yet of kindergarten age, and for professional development for teachers, artists, and others who work with them. Projects may be independent or linked to schools.
- ✓ *School-Based:* For arts-learning projects for children and youth between kindergarten and grade 12 that are directly connected to the school curriculum and instructional program. Such activities may take place in or outside the school building, at any time of the day or year.
- ✓ *Community-Based:* For arts-learning projects outside of the regular school day and year that occur in a variety of settings. These activities may be offered by arts organizations or by other community-based, non-arts organizations or agencies in partnership with artists and arts groups. Projects also may include professional development for teachers, artists, and other youth program providers.

Funds: Grants awards will range from \$5,000 to \$150,000. Most grant awards will range from \$5,000 to \$100,000. Grants of \$100,000 or more will be made only in rare instances, and only for projects that the Arts Endowment determines demonstrate exceptional national or regional significance and impact. All grants require a match of at least 1 to 1.

Deadline: August 12, 2002.

Eligible: Nonprofit, tax-exempt, 501(c)(3) organizations; units of state or local government. Applicants may be arts organizations, local arts agencies, arts service organizations, school districts, and other organizations that can help advance the goals of the Arts Endowment. Applicant organizations must have a three-year history of programming or of working with children and youth prior to the application deadline, except for applicants for folk & traditional arts projects.

Info: Arts Learning, National Endowment for the Arts, Nancy Hanks Center
1100 Pennsylvania Avenue, NW, Washington, DC 20506-0001, For Early Childhood and School-Based projects: 202/682-5536., For Community-Based projects: 202/682-5026.

**Center for Advanced Study in the Visual Arts
Visiting Senior Fellowship Program**

- Program:** The Center for Advanced Study in the Visual Art a part of the National Gallery of Art, announces its program for Paul Mellon and Ailsa Mellon Bruce Visiting Senior Fellowships. Fellowships are for full-time research, and scholars are expected to reside in Washington throughout their fellowship period and participate in the activities of the Center. Lectures, colloquia, and informal discussions complement the fellowship program. Visiting Senior Fellows are provided with their own study. They will have access to the notable resources represented by the collections of the Gallery, the library, and the photographic archives, as well as the Library of Congress and other specialized research libraries and collections in the Washington area.
- Funds:** Stipends for a two-month fellowship range from \$2,500 to \$7,000, depending on relocation requirements
- Deadline:** September 21, 2002.
- Eligible:** Visiting Senior Fellowships are intended for those who have held the Ph.D. for five years or more or who possess an equivalent record of professional accomplishment at the time of application. Individuals currently affiliated with the National Gallery of Art are not eligible for the Visiting Senior Fellowship program. Visiting Senior Fellowships are awarded without regard to the age or nationality of the applicant.
- Info:** Center for Advanced Study in the Visual Arts, National Gallery of Art, Washington, D.C. 20565, Phone: (202) 842-6482, Fax: (202) 842-6733; Email: advstudy@nga.gov, Link: <http://www.nga.gov/resources/casvavissen.htm>

DISABILITY

**Massachusetts Rehabilitation Commission
Travel Training**

- Program:** The Massachusetts Rehabilitation Commission has been awarded a grant through the Massachusetts Developmental Disabilities Council (MDDC). Its purpose is to provide transportation assessment and planning to students' transitioning from school to careers. Included in the assessment could be travel-training services. Therefore, this RFR provides an opportunity to develop a network of travel trainer providers across the state. The target group will be people with developmental disabilities ages 14-22.
- Funds:** Total funds available: Approximately \$20,000.
- Deadline:** June 30, 2002.
- Eligible:** See RFP.
- Info:** Bethany Gay , Program Coordinator, Massachusetts Rehabilitation Commission, SES Dept. 27 Wormwood St., Boston, MA 02210 -1606, Phone: 617-204-3699, Email: bethany.gay@MRC.state.ma.us, Link: http://www.comm-pass.com/Comm-PASS/Scripts/xdoc_view.idc?doc_id=012656&dept_code=&cp_xx=

**Department of Education
Centers for Independent Living--Training and Technical Assistance Center
CFDA No.: 84.132A**

Program: Funds should be used to provide training and technical assistance with respect to planning, developing, conducting, administering, and evaluating centers for independent living to the following eligible entities authorized under title VII of the Rehabilitation Act of 1973, as amended (Act): eligible agencies, centers for independent living (CIL), and Statewide Independent Living Councils (SILCs). The purpose of independent living (IL) services is to maximize independence, productivity, empowerment, and leadership of individuals with disabilities and integrate these individuals into the mainstream of society. A CIL is defined in section 702(1) of the Act as a consumer- controlled, community-based, cross-disability, nonresidential private nonprofit agency that is designed and operated within a local community by individuals with disabilities and that provides an array of IL services.

Funds: Available funds: \$1,237,500.
Average size of awards: \$618,750.
Number of awards: 1-2.

Deadline: August 1, 2002.

Eligible: To be eligible to apply for funds under this program, an entity must demonstrate in its application that it has experience in the operation of centers for independent living.

Info: Education Publications Center (ED Pubs), P.O. Box 1398, Jessup, MD 20794-1398.

Department of Education
Parent Information and Training Program
CFDA No. 84.235F

Program: Funds will be used to establish programs to provide training and information to enable individuals with disabilities, and the parents, family members, guardians, advocates, or other authorized representatives of the individuals, to participate more effectively with professionals in meeting the vocational, independent living, and rehabilitation needs of individuals with disabilities. These grants are designed to meet the unique training and information needs of those individuals who live in the area to be served, particularly those who are members of populations that have been unserved or underserved.

Funds: Available funds: \$700,000.
Average size of awards: \$100,000.

Deadline: August 1, 2002.

Eligible: Private nonprofit organizations.

Info: Education Publications Center (ED Pubs), P.O. Box 1398, Jessup, MD 20794-1398,
Phone: (toll free): 1-877-433- 7827, Fax : (301) 470-1244. If you use a telecommunications device for the deaf (TDD), you may call (toll free): 1-877-576-7734.

ELDERLY

Department of Health and Human Services /Administration on Aging

Performance Outcomes Measures Project

Program Announcement No. AoA-02-09

Program: The Administration on Aging announces that under the Performance Outcome Measures Project it will hold two competitions to fund grant awards for cooperative agreements to support: (1) State-wide surveys of program performance with State Agencies on Aging, and (2) the continued development of performance outcome measures survey instruments.

Funds: (1) \$50,000 for one year with up to fifteen (15) State agencies on aging.
(2) \$30,000 for one year with up to ten (10) State Agencies on Aging.

Deadline: July 29, 2002.

Eligible: State Agencies on Aging

Info: U.S. Department of Health and Human Services, Administration on Aging, Office of Evaluation, 330 Independence Ave., SW, Washington, DC 20201, Attn: David Bunoski, Phone: 202/260-0669, Link: http://frwebgate.access.gpo.gov/cgi-bin/getdoc.cgi?dbname=2002_register&docid=02-14701-filed

ENVIRONMENT

Environment Leadership Program

Leadership Fellowship

Program: The ELP Fellowship is a national program designed to build the leadership capacity of the environmental field's most promising emerging professionals from the United States and U.S. territories. The three-year fellowship provides training, project support, and a peer network to 25 talented and diverse individuals each year from all sectors of the

environmental field, including nonprofits, business, government, and higher education

Funds: Fellows receive a \$2,000 participation stipend; travel and accommodations for four fellowship retreats; access to funding for leadership-building projects; and national recognition through the program.

Deadline: October 1, 2002.

Eligible: Applicants should be relatively new to the environmental field, with approximately three to ten years of professional experience or post-undergraduate academic studies. Applicants must be residents of the United States or U.S. territories. As part of its goal to promote diversity of race, ethnicity, gender, values, traditions, and issue expertise in the environmental field, ELP seeks individuals from across a broad spectrum of backgrounds and professional experience.

Info: Environmental Leadership Program , P.O. Box 446, Haydenville, MA 01039, Phone: (413)268-0035, Fax: (413)268-0036, Email: info@elpnet.org, Link: <http://www.elpnet.org/fellowship/application.html>

HEALTH

Department of Health and Human Services /Centers for Disease Control and Prevention Population-based Research in Attention-Deficit Hyperactivity Disorder Program Announcement 02165

Program: The purpose of this program is to support research in ADHD and the exploration of other health conditions and health risk behaviors to children and adolescents with the disorder. This program consists of two types of research (Type I and Type II):

Type I—Research Targeting Children With ADHD Ages 4 to 10

The purpose of Type I funding is to determine the prevalence or treated prevalence of children with ADHD in a defined community; to identify rates of select comorbid or secondary conditions in children with ADHD in a defined community; to identify types and rates of health risk behaviors in children with ADHD; and to describe current and previous receipt of treatment in children with ADHD. Type I awardees will work in collaboration with other grantees and CDC to develop adequate measures and inform methodologic decisions. Wherever possible, Type I grantees will use identical case identification methods as in Type II projects.

Type II—Research Targeting Adolescents With ADHD Ages 11 to 17

Similar to Type I, the purpose of Type II funding is to describe the prevalence or treated prevalence of ADHD in adolescents in a defined community; to identify rates of comorbidity and secondary conditions in adolescents with ADHD in the defined community; to identify rates of health risk behaviors in adolescents with ADHD; and to describe current and previous receipt of treatment in adolescents with ADHD. Type II awards will work in collaboration with CDC to develop adequate measures and inform analytic decisions. Wherever possible, Type II grantees will use identical case

identification methods as in Type I projects.

Funds: \$500,000 is available in FY 2002 to fund approximately two awards.
Deadline: Letters of intent: June 28, 2002.
Full proposals: August 2, 2002.
Eligible: Public and private nonprofit organizations and by governments and their agencies; that is, universities, colleges, technical schools, research institutions, hospitals, other public and private nonprofit organizations, community- based organizations, faith-based organization, State and local governments or their bona fide agents.
Info: Sheryl Heard, Grants Management Specialist, Assistance and Acquisition Branch B, Procurement and Grants Office, Centers for Disease Control and Prevention (CDC), Program Announcement 02165, 2920 Brandywine Road, Room 3000, Atlanta, Georgia 30341-4146, Phone: 770-488-2723, Link: <http://www.tgci.com/fedrgrtxt/02-14728.txt>

**Department of Health and Human Services/ Centers for Disease Control and Prevention
The Recurrence of Neural Tube Defects Affected Pregnancies Educational and Prevention
Program**

Program Announcement 02108

Program: The purpose of the program is to prevent the recurrence of pregnancies affected by NTDs by increasing maternal preconceptional and periconceptional use of folic acid supplementation through a program targeting women who have had at least one such pregnancy. This program will improve the knowledge and awareness of health care providers, and women of reproductive age about reducing birth defects by promoting the use of folic acid.
Funds: \$200,000 is available in FY 2002 to fund one award.
Deadline: July 10, 2002.
Eligible: Well-established national, nonprofit organizations with experience in the development of health education strategies targeting women that are at risk of having a NTD-affected pregnancy and educating health care providers about the relationship between folic acid and NTDs, specifically spina bifida.
Info: Sheryl Heard, Grants Management Specialist, Assistance & Acquisition Branch B, Procurement and Grants Office, Centers for Disease Control and Prevention, Program Announcement 02108, 2920 Brandywine Road, Room 3000, Atlanta, GA 30341-4146, Phone: 770-488-2723, Link: http://frwebgate.access.gpo.gov/cgi-bin/getdoc.cgi?dbname=2002_register&docid=02-14727-filed
FR: 6/12 40307-40308

**Department of Health and Human Services/Agency for Toxic Substances and Disease Registry
Asthma and Hazardous Substances, Applied Research and Development
Program Announcement 02112**

Program: The purpose of this program is to: (1) Link secondary data sources available for asthma with data on environmental contamination to evaluate the contribution of environmental exposures to asthma occurrence or morbidity among one or more communities exposed to hazardous air pollutants; (2) provide scientific information about the association between

hazardous substances and asthma morbidity; and (3) develop and apply a methodology which could serve as a useful model for other organizations when responding to questions concerning the health impact of air releases of hazardous substances.

- Funds:** Total funds available: \$250,000.
Anticipated number of awards: 2-3.
Anticipated average award: \$100,000.
Anticipated range of awards: \$80,000-\$120,000.
- Deadline:** Letters of intent: June 30, 2002.
Full applications: July 30, 2002.
- Eligible:** Official public health agencies of States or their bona fide agents or instrumentalities.
- Info:** Sherri Berger-Frank, Deputy Branch Chief, Health Investigations Branch, Division of Health Studies, Agency for Toxic Substances and Disease Registry, 1600 Clifton Road, NE., Mail Stop E-31, Atlanta, Georgia 30333, Phone: (404) 498-0606, Email: Sberger@cdc.gov, Link: http://frwebgate.access.gpo.gov/cgi-bin/getdoc.cgi?dbname=2002_register&docid=02-14581-filed
- FR:** 6/11 39988-39991

**Department of Health and Human Services/ Agency for Toxic Substances and Disease Registry
Determining the Prevalence of Multiple Sclerosis and Amyotrophic Lateral Sclerosis in
Communities Living Around Hazardous Waste Sites
Program Announcement 02154**

- Program:** The purpose of this program is to conduct research to determine the prevalence of MS and ALS among individuals in specific communities near sources of hazardous substances. Measurable outcomes of the program will be in alignment with the following performance goals for ATSDR:
- ✓ Develop and provide reliable, understandable information for people in affected communities and tribes and for stakeholders; and
 - ✓ Build and enhance effective partnerships.
- Funds:** Total funds available: \$450,000.
Number of awards: 6.
It is expected that up to three awards will be made to Level I applicants. The average award will be \$100,000, ranging from \$90,000 to \$110,000. It is expected that up to three awards will be made to Level II applicants. The average award will be \$75,000, ranging from \$50,000 to \$90,000.
- Deadline:** Letters of intent: June 30, 2002.
Full applications: July 31, 2002/
- Eligible:** Assistance will be provided to the health departments of States or their bona fide agents or instrumentalities.
Two levels of cooperative agreements will be awarded:
- ✓ *Level I: Eligible applicants for Level I funding are those States or State entities that: (1) Have identified a community or communities concerned about MS and ALS and hazardous substances; and (2) do not have an existing program for determining MS and ALS prevalence in a given community.*
 - ✓ *Level II: Eligible applicants for Level II funding are those States or State entities*

that: (1) Have an existing program for determining MS or ALS prevalence in specific areas; and (2) have identified additional communities with concerns of these diseases and hazardous substances, or have identified an additional health concern in the communities in which they are currently working (e.g., previous work focused on MS, but the applicant would now like to expand surveillance to ALS).

Info: Curtis Noonan, Epidemiologist, Health Investigations Branch, Division of Health Studies, Agency for Toxic Substances and Disease Registry, 1600 Clifton Road, NE., Mail Stop E-31, Atlanta, Georgia 30333, Phone: (404) 498- 0588, Email: cen9@cdc.gov, Link: http://frwebgate.access.gpo.gov/cgi-bin/getdoc.cgi?dbname=2002_register&docid=02-14582-filed

FR: 6/11 39991-39994

**Department of Health and Human Services/ Centers for Disease Control and Prevention Program Cooperative Agreement to Support State Assessment Initiatives
Announcement 02104**

Program: The purpose of the program is to improve the ability of states to monitor progress toward achieving measurable national, state, and community health objectives; use assessment information for public health policy development and assurance; and monitor progress toward addressing health disparities among various population subgroups.

Funds: \$1,500,000 is available in FY 2002 to fund approximately seven to nine awards.
Part A.—Building new assessment capability. Approximately \$500,000 is available to fund approximately three to four awards under Part A. It is expected that the average award will be \$140,000, ranging from \$125,000 to \$175,000.
Part B.—Evaluating and institutionalizing existing assessment capability and disseminating model assessment methods, systems, and approaches to other states.

Deadline: Letters of intent: July 5, 2002.
Full proposals: July 19, 2002/

Eligible: Health departments of states or their bona fide agents.

Info: Mattie B. Jackson, Grants Management Specialist, Requisition and Assistance Branch A, Procurement and Grants Office, Centers for Disease Control and Prevention, 2920 Brandywine Road, Room 3000, Atlanta, GA 30341–4146, Phone: (770) 488–2696.

**Department of Health and Human Services/ Health Resources and Services Administration
National Child Death Review Resource Center Demonstration Program (NCDRRC)**

Program: The purpose of this cooperative agreement is to demonstrate the effectiveness of developing a NCDRRC to assist States and localities in using the Child Death Review (CDR) process to promote improved health services delivery and risk reduction and public health prevention programs. Specifically, this cooperative agreement will determine how

an NCDRRC could:

- ✓ Serve as a technical support to States, particularly State Title V agencies, and communities as they develop, implement, and sustain CDR as a community-based process to assess and improve services and systems for children and adolescents;
- ✓ Refine the methodology for CDR through continuous assessment of the state of the field, trends, and feedback from States and communities;
- ✓ Support expanded use of the CDR process to address other adverse events (e.g., morbidity) affecting the MCH population; and
- ✓ Promote collaboration with other MCH related mortality/ morbidity review processes to increase effectiveness and reduce duplication of effort.

Funds: Up to \$300,000

Deadline: Letters of intent: June 25, 2002.

Full proposals: August 2, 2002.

Number of awards: 1.

Eligible: Any public or private entity.

Info: HRSA Grants Application Center, 901 Russell Avenue, Suite 450, Gaithersburg MD, Phone: 1-877-HRSA-123 (477-2123), Link: http://frwebgate.access.gpo.gov/cgi-bin/getdoc.cgi?dbname=2002_register&docid=02-14681-filed

Department of Health and Human Services Substance Abuse and Mental Health Services Administration

Cooperative Agreements for State Data Infrastructure Program

Program: The Substance Abuse and Mental Health Services Administration (SAMHSA), Center for Substance Abuse Treatment (CSAT) announces the availability of fiscal year FY 2002 funds for cooperative agreements with States to upgrade State Data Infrastructure (SDI). The primary goal of this program is to help Single State Authorities (SSAs) report performance measures for planned Substance Abuse Prevention and Treatment Block Grant Performance Partnerships (PPG). Funds will assist States, in collaboration with each other and with CSAT, to develop administrative data infrastructure for collecting and reporting PPG and related information. Funds can also be used to upgrade State staff needed to collect and analyze performance data.

Funds: Total funds available: \$5.0 million.

Estimated number of awards: 50.

Deadline: July 24, 2002.

Eligible: Applicants are limited to the Single State Authorities

Info: Richard Thoreson, GPO, Center for Substance Abuse Treatment, SAMHSA, Rockwall II, Suite 840, 5600 Fishers Lane, Rockville, MD 20857, Phone: (301) 443-5325, Email: rthoreso@samhsa.gov, Link: http://frwebgate.access.gpo.gov/cgi-bin/getdoc.cgi?dbname=2002_register&docid=02-14905-filed

IMMIGRANTS & REFUGEES

Department of Health and Human Services/ Office of Refugee Resettlement Discretionary Funds for Projects To Establish Individual Development Account Programs for Refugees

CFDA Number 93.576

Program: The Office of Refugee Resettlement invites qualified entities to submit competing grant applications for new projects that will establish, support, and manage Individual Development Accounts (IDAs) for eligible low-income refugee individuals and families. The Refugee IDA Program represents an anti-poverty strategy built on asset accumulation for low-income refugee individuals and families with the goal of promoting refugee economic independence. In particular, the objectives of this program are to: Increase the ability of low-income refugees to save; promote their participation in the financial institutions of this country; assist refugees in advancing their education; Increase home ownership; and assist refugees in gaining access to capital. These new projects will accomplish these objectives by establishing programs that combine the provision of matched savings accounts with financial training and counseling.

Funds: Total funds available: \$2.5 million.
Expected range of grant awards: \$200,000 to \$400,000.

Deadline: July 10, 2002.

Eligible: Eligible applicants for these funds include public and private, non-profit organizations. Faith-based organizations are eligible to apply for these grants.

JUSTICE

Department of Justice/ National Institute of Corrections

Solicitation for a Cooperative Agreement--`A Guide to Preparing for and Managing Prison Emergencies"

- Program:** The Department of Justice (DOJ), National Institute of Corrections (NIC), announces the availability of funds in FY 2002 for a cooperative agreement to fund the project "`A Guide to Preparing for and Managing Prison Emergencies". NIC will award a one year cooperative agreement to develop a document which will assist correctional agencies in assessing and managing prisons during emergencies, including prison disturbances, work actions and natural and environmental disasters.
- Funds:** Total funds available: \$120,000.
- Deadline:** July 23, 2002.
- Eligible:** A state or general unit of local government, private agency, educational institution, organization, individuals or team with expertise in requested areas.
- Info:** Judy Evens, Cooperative Agreement Control Office, National Institute of Corrections, 320 First Street, NW. Room 5007, Washington, DC 20534, Phone: (800) 995-6423, ext. 44222 or (202) 307-3106, ext. 44222, E-mail: jevans@bop.gov, Link: http://frwebgate.access.gpo.gov/cgi-bin/getdoc.cgi?dbname=2002_register&docid=02-14852-filed
- FR:** 6/13 40752-40754

MISCELLANEOUS

Small Business Administration

Federal and State Technology Partnership Program To Provide Outreach and Technical Assistance to Small Technology-Based Businesses Interested in Becoming Involved or Presently Involved in Federal R&D Programs

- Program:** The U.S. Small Business Administration (SBA) plans to issue Program Announcement No. FAST-02-0002 to invite applicants from the 50 states, to conduct outreach and provide technical assistance services to technology-based small business owners.
- Funds:** Funds will be provided to conduct programs for a 12-month budget and performance period.
- Deadline:** July 25, 2002
- Eligible:** There is a one proposal per state limitation on this competition. Only one proposal from each state may be submitted to SBA for consideration, and this application must have an original signed Letter of Endorsement from the State Governor (Mayor for the District of Columbia). Prospective recipients of SBA funding under this Program Announcement include both new applicants and current FAST Program service providers. Eligible applicants include, but are not limited to, state and local Economic Development Agencies, colleges and universities and Small Businesses Development Centers.
- Info:** Cherina Hunter, Phone: (202) 205-7344 or Mina Bookhard, Phone: (202) 205-7080. Link: <http://frwebgate.access.gpo.gov/cgi->

TRANSPORTATION

**Department Of Transportation/ National Highway Traffic Safety Administration
Innovative Grants To Support Increased Seat Belt Use Rates**

Program: The objective of this grant program is to increase statewide seat belt use rates by supporting strategies and activities with the greatest potential for impact. To be considered for an award under this program in FY 2003, the State's proposed effort must be based on a core component of highly visible enforcement of its seat belt use law. The application must include an intensified Enforcement Plan, which assures participation in at least two enforcement mobilizations, each of which is at least two weeks in duration and includes the participation of local law enforcement agencies covering at least 85 percent of the State's population. The application also must include a comprehensive Public Information and Education (PI&E) Plan with a clear enforcement message designed to make the public aware of the proposed enforcement effort. It is strongly encouraged that States include a paid media component in this PI&E Plan. The State must be willing to submit its media materials (i.e., scripts, storyboards, etc.) and media buy plans for NHTSA review, prior to implementing the project. NHTSA will provide for technical assistance to be available to States for the development and implementation of their PI&E plan. The application must also include an Outreach Plan that specifies the high-risk segments of the community that will be targeted and how they will be reached and the application must include an Evaluation Plan that describes how the State intends to evaluate the impact of its campaign. At a minimum, the evaluation plan must provide for observational surveys of seat belt use, shortly before and after the Operation ABC national mobilization which will take place in May 2003.

Funds: Total funds available: \$4 million.

Anticipated average award: \$350,000.

Deadline: August 15, 2002.

Eligible: States.

Info: Janice Hartwill-Miller, Occupant Protection Division (NTS-12), Office of Traffic Injury Control Programs, NHTSA, 400 Seventh Street, SW., Room 5118, Washington, DC 20590, Phone: (202) 366-2684, Link: http://frwebgate.access.gpo.gov/cgi-bin/getdoc.cgi?dbname=2002_register&docid=02-14752-filed

**Department of Transportation/National Highway Traffic Safety Administration
Discretionary Cooperative Agreements To Support the Demonstration of a Model Impaired Driving Records Information System**

Program: The objective of this demonstration project is for States to implement a Model Impaired Driving Records Information System and evaluate its efficacy and effectiveness. A Model Impaired Driving Records Information System enables a State to effectively perform the following functions:

- ✓ Appropriately identify, charge and sanction impaired driving offenders, based on their driving history;
- ✓ Manage impaired driving cases from arrest through the completion of court and administrative sanctions;
- ✓ Identify target populations and trends, evaluate countermeasures, and identify problematic components of the overall impaired driving control system;
- ✓ Provide stakeholders with adequate and timely information necessary to fulfill their responsibilities; and
- ✓ Reduce administrative costs for system stakeholders and increase system efficiencies. While this effort is directed at impaired drivers, it is understood that data on the behavior of all problem drivers will result from use of such a system.

Funds: Total funds available: \$1.45 million.

Anticipated number of awards: 3.

Deadline: July 29, 2002.

Eligible: Key State agencies (e.g., law enforcement agencies, Department of Motor Vehicle Administrations, highway safety offices, and other applicable State agencies or a consortium of the above).

Info: General administrative questions may be directed to Rose Watson, Office of Contracts and Procurement, Phone: (202) 366-9557

Programmatic questions should be directed to J. De Carlo Ciccel, Impaired Driving Division, NHTSA, NTS-11, 400 7th Street, SW., Washington, DC 20590, Fax: (202) 366-2766

WORKFORCE DEVELOPMENT

Department of Labor/Employment and Training Administration

Workforce Investment Act: Job Corps Program Selection of Sites for Centers

Program: The Department of Labor (Department) is soliciting proposals for sites to establish two new Job Corps centers. The Job Corps program is designed to serve disadvantaged young women and men, 16 through 24, who are in need of additional educational, vocational, social skills and career development training, and other support services in order to gain meaningful employment, return to school or enter the Armed Forces. The program is primarily a residential program operating 24 hours per day, 7 days per week with non-resident enrollees limited by legislation to 20 percent of national enrollment.

Funds: \$10 million in the Fiscal Year 2002

Deadline: September 16, 2002.

Eligible: State and/or local governments.

Info: Richard C. Trigg, National Director, Office of Job Corps, Phone: (202) 693-3000, Link: http://frwebgate.access.gpo.gov/cgi-bin/getdoc.cgi?dbname=2002_register&docid=02-14549-filed
